

Be Still

Citizen Way

Verse 1

Be still and know He is God
Be still and know He is God
As the world around us crumbles
And the chaos grows
Be still be still be still
Be still and know He is God
Be still and know He is God
When the fear is overwhelming
And your hope seems lost
Be still be still be still

Chorus

Be still and know He is God
And we are not
Be still and know He's in control
Hallelujah

Verse 2

Be still and know He is God
Be still and know He is God
Cuz the One who holds tomorrow
He is holding us
Be still be still be still
Oh be still
Oh be still

Bridge

Be still and know He is God
He is God
Oh be still and know He is God
And we are not
Be still and know He's in control
Hallelujah
Hallelujah
Be still and know He is God

Be still and know He is God
Can you hear the angels singing
We are almost home
Be still be still be still
Be still be still be still be still
