

# Blaze Away

Dave Noel

## Verse 1:

I've shied away from the mountain.  
Of Your presence, O Lord  
Araid of what it would cost me  
To be exclusively Yours

But I am sick of the anguish  
Of a divided mind  
I raise my hands to surrender  
I turn my back on my pride

## Chorus:

Blaze away, blaze away holy fire of God  
Blaze away, on the alter of my heart  
Consume the lies and lust within  
Make ashes of my secret sin  
Ignite me once again  
And blaze away

## Verse 2:

I watched as others have chosen  
To lose their chains in the fire  
I've seen them dance with elation  
And felt the hope they inspire

Now I am eager to join them  
To be ablaze in the light  
And I don't care what it costs me  
Just let me burn for Christ

## Chorus:

Blaze away, blaze away holy fire of God  
Blaze away, on the alter of my heart  
Consume the lies and lust within  
Make ashes of my secret sin  
Ignite me once again  
And blaze away
